## Is There a Place Called Anatevka?

The musical *Fiddler on the Roof* takes place in the fictional village of Anatevka in Russia. Today there is a real life village near Kyiv, Ukraine, named Anatevka, established to provide refuge for Jewish families. This real life Anatevka was inspired by the fictional one and serves as a place for Jewish refugees to rebuild their lives.

# Director's Notes

**Fiddler on the Roof** is, at its core, a story about family, tradition, change, and the struggle to hold onto identity in a world that is shifting beneath our feet. It is deeply rooted in Jewish culture and history, and yet, its themes resonate far beyond a single faith or heritage.

As we set out to produce this show with a diverse and inclusive cast — one that doesn't reflect a traditional Jewish community — we knew we had a responsibility: to honor the cultural and religious significance of **Fiddler on the Roof** without reducing it to stereotypes or caricatures. Our approach has been one of deep respect, thoughtful storytelling, and a focus on the human experiences at the heart of the piece.

Tevye's wrestling with his faith, his love for his daughters, and his attempt to adapt without losing himself — these are universal struggles. The villagers of Anatevka face fear, displacement, and the pull between old ways and new dreams. These stories are as relevant today as they were when the show premiered, and they echo across cultures, generations, and geographies.

In this production, we've aimed to strip away assumptions and surface expectations, and instead ask: What does tradition mean to us, to any of us? What happens when the world forces us to choose between who we were and who we are becoming? By focusing on the heart of these questions, we hope to offer a **Fiddler** that is both specific in its origins and universal in its reach.

We are grateful to be stewards of this important work, and we approach it with humility and care. We thank our audience for joining us in this exploration of identity, change, resilience — and the shared human need to find balance, even when, like Tevye, we are dancing on a roof.

~ **Zachariah Stearn**

## ***How Did Lakeshore Productions, Inc. Get Started?***

One might say that the start of Random Lake's summer theater program was May 24, 1994. On that date the electors of the School District of Random Lake approved a \$2.29 million referendum (708-442) to build a new high school gym, remodel the old gym into an auditorium, and make other improvements.

The new gym and 466-seat auditorium were dedicated on Oct. 25, 1995. At the same time three area high school seniors (Ryan Klug, Andy Ritger and Victor Schueller) brought forward their dream to start a summer theater program in Random Lake. The trio had met while performing with the Holland Festival Theatre in Cedar Grove. They drew support from some key adults who formed the first community theater organization in conjunction with the Ram Booster Club. They supported Klug, Ritger and Schueller as they got approvals from Random Lake's school administration and the school board.

For their first show the director trio chose the L. Frank Baum classic, *The Wizard of Oz*. There was no problem finding people to audition for parts, but such a familiar story has high expectations. It's difficult finding somebody in America who has never seen the movie. Klug served as artistic director, Schueller as musical director and Ritger as technical director -- and the show was a great success.

The same trio remained involved the next two years, but for 1999 the board of directors bore the full responsibility for the show -- and that is how Lakeshore Productions Inc. continues today. Over the years hundreds of people have been involved onstage and back stage. Lives have been changed because of LPI. And you play a most important role as our audience and supporters. Thank you!

# From the LPI Board of Directors

Welcome to the 2025 summer production of **Fiddler on the Roof!** Whether this is your first Lakeshore Productions experience or you've been part of our audience for years, we're thrilled to have you here with us in this unique venue for us.

This year's production brings to life a story that has stood the test of time, one that wrestles with tradition, change, community, and belonging. It's a fitting reflection of our own journey at Lakeshore Productions, Inc as we approach 30 years. Like Tevye and the villagers of Anatevka, we have built something special together, generation after generation, through music, storytelling, and the unwavering support of this incredible community.

Since 1996, LPI has been more than a stage. It's been a place where talent of all ages is nurtured, lifelong friendships are formed, and volunteers come together to create something bigger than themselves. This summer is no different. Over the past eight weeks our cast and crew have worked through a whole lot of new challenge this summer just for you.

As you take your seat tonight, I encourage you to think of the many hands that have built this production and helped us get to this point through challenge, obstacle, and collaboration across communities. LPI is living proof of what happens when a community shows up, gets involved, and believes in the power of the arts.

On behalf of the LPI Board of Directors, thank you for your continued support. After an extended break, we are grateful you still choose to join us. The road to this summer has been nothing short of challenging as we navigated countless uncertainties. In

particular, we wouldn't be here without the partnership of Cedar Valley Cheese and support of a rehearsal space, Northern Ozaukee School District for use of the beautiful fine arts center you're sitting in, and of course, the Random Lake School District for our enduring partnership for nearly 30 years. And lastly, you all that make this possible. We invite you to stay connected with us year-round, engage however you can, and to consider lending your time, talents, or treasures to help ensure future years of the arts in the greater Random Lake community continue to shine. It's tradition after all.

Enjoy the show. And remember: without tradition, our lives would be as shaky as a fiddler on the roof!
